

I. Comprehension: Question number one: Read the following text carefully : (14 points)

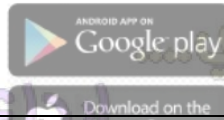

Dear Fadi,

I'm having the most incredible time in Aqaba on board of the ship sailing across the Red Sea. The ship stops every 6 hours so we can dive into the water. I've seen some amazing types of marine life: lovely coral reefs, gentle water currents and many multicolored fish. If you look carefully, you'll see marine creatures of all sizes.

Did you know that sea turtles are found in all oceans except in the Arctic? That is because they cannot survive I cold waters. If they travel to cold regions, they will die. That is why they only live in warm waters. so I guess you did not spot any during your Arctic boat trip last year. You would love it if you were on this boat trip.

Best wishes,

Jameel

Now answer the questions that follow it: (2 points each)

1. Who is the sender of the letter and to whom? _____
