

The Future's

Bright

In many ways, human life on this planet is better than it's ever been. In many countries across the world, crime has been dropping steadily. This may be due to better education or perhaps to a reduction in extreme poverty. In 2018, the proportion of the world's population living in extreme poverty fell to around 10%. With luck, no one will be living in this way within a few decades.

1. Crime has been dropping steadily in many countries across the world for two reasons. They are:
 - A. A better education and an increase in extreme poverty
 - B. better education and extreme poverty
 - C. better education and a reduction in extreme poverty
2. The proportion of the world's population living in extreme poverty fell to around 10 % in the.
 - A. nineteenth century
 - B. eighteenth century
 - C. twentieth century
3. "With luck, no one will be living in this way within a few decades." The author/ writer is talking about:
 - A. education
 - B. poverty
 - C. crime
4. The phrase 'dropping steadily' means:
 - A. decreasing regularly and constantly
 - B. increasing regularly and constantly
5. 'In many ways, human life on this planet is better than it's ever been.' The author / writer is:
 - A. optimistic
 - B. pessimistic
 - C. dystopian
6. The form 'will be living' represents the:
 - A. Future Perfect Continuous
 - B. Future Continuous
 - C. Future Perfect Simple

Technology is also making our lives easier and safer, and this trend is bound to continue. For example, driving is sure to become safer. Human error is the key reason for most car accidents, and well-programmed and designed driverless cars may save huge numbers of lives. Such cars are already a reality and are going to become more and more common in the next few years.

1. According to the text / extract, the major / main reason for most car accidents is:
A. driverless cars B. human error C. technology
2. "Technology is making our lives easier and.....":
A. huge B. safer C. trend
3. Using 'is bound to' means that something is:
A. uncertain B. almost definite C. unlikely
4. According to the text, what will make driving safer and save huge numbers of lives is:
A. technology and human error
B. car accidents and human error
C. well-programmed driverless cars
5. is the key reason for most car accidents.
A. Human error B. Technology C. Safety
6. The word 'key' in 'the key reason for most car accidents.' is a / an:
A. adverb B. adjective C. noun
7. In 'Such cars are already a reality and are going to become more common in the next few years.' The author is indicating:
A. evidence for a future arrangement
B. evidence for a future prediction
C. evidence for a future intention

And finally, life expectancy is already higher than it's ever been and as a result of better medicine, people are likely to live until the age of 100.

According to the extract, people are expected to live way longer in the future because of:

- A. better medicine B. better life expectancy C. better nutrition

... Terrifying

We may have seen some improvement in poverty and crime in recent decades, but why “assume that this pattern will continue? I'd argue that for most people life is actually unlikely to get better.

1. The pronoun (I) in “I'd argue that better.” refers to the:
A. reader B. writer/author C. crime
2. In ‘unlikely to get better’, ‘unlikely’ means a / an:
A. improbable event B. Certain event C. probable event
3. The extract indicates an / a:
A. dystopian prediction B. promising prediction C. optimistic prediction

Advances in robotics and artificial intelligence will not only reduce the number of unskilled jobs available, but will also eliminate semi-skilled jobs which can be done by a computer. By 2050, young people will have been trying, and failing, to get a job for most of their ‘working’ lives! In 30 years’, time, a few lucky people will be rich and the rest of us will be poor.

1. Semi-skilled jobs’ according to the text are jobs that can be done:
A. by robots B. by computers C. by young people
2. The main idea of the text is:
A. Artificial Intelligence
B. Artificial Intelligence and semi-skilled jobs.
C. Artificial Intelligence and its impact on future jobs.

3. The word 'their' refers to:
A. young people B. Jobs C. Robotics
4. The form 'will have been frying.' represents the:
A. Future Continuous B. Present Continuous C. Future Perfect Continuous

Within 20 years, people will have stopped fighting over oil — we'll be fighting over water instead, as global warming is certain to lead to more water shortages.

1. According to the text/extract, people will be fighting over:
A. oil instead of water and water B. water instead of oil C. oil
2. Global Warming will result in more:
A. fighting over oil B. water shortages C. oil shortages
3. In 'People will have stopped fighting over oil' the author/ writer is indicating:
A. a future fact prediction B. a future intention C. a future
